Public Forum

A parishioner mentioned that he had given the Clerk a list of questions at the September meeting and to date had not had a written response to those questions but he had received some oral responses to some of the questions. As he had not had a response by today, he had made a formal complaint to the Information Commissioners Office.

The same parishioner raised the matter that meetings were taking place in respect of a possible Community Centre and that these meetings should not include the Clerk and were they correctly being convened as an Agenda was not published and neither were Minutes being produced.

He also raised the fact that the July 2018 meeting Agenda did not include any item relating to funding for the initial costs for the Community Centre so therefore the resolution to fund £1,000 may well be illegal.

The Clerk confirmed that she did not realise that he wanted the matter dealt with as a FIO request so she would deal with it as a matter of urgency. She also confirmed that the meeting held were just a Steering Group to move the matter forward and was not a formal Committee as detailed under the legislation.

A parishioner asked a number of questions in respect of the financial records held on the website and the monthly accounts and Audit details. He also asked about the monthly accounts, VAT refund and the monies spent on the Friday Bridge play area. The Clerk confirmed that she would look into the issues raised and report further as appropriate.

A parishioner read out comments that she had to make in respect of Speedwatch and speeding in the Parish.

The Chair confirmed that the matter would be looked into further.

The Clerk confirmed that some Police speed checks had been held in the villages on 2nd November 2018 and she had asked that further ones be carried out in other areas in the parish.

Another parishioner mentioned that walking to school in Gosmoor Lane was very difficult at times due to parking and the speed of vehicles. The School were also getting involved with a "Walk to School" week.

The Chair confirmed that these are issues that the Council could raise matters with Highways at CCC but that PC has no powers in respect of highways.

A parishioner raised the issue of the state of the empty building land (site of the old Church Hall) at Rose Lane.

She also raised the issue of the HGV vehicles going to and from the development down Halfpenny Lane.

The Chair confirmed that FDC had been contacted about the old Church Hall site and that some works had been carried out to tidy it up and reduce the rat population.
